

**Information Requested by Public Health Office**

**OUT-OF-PROVINCE or  
INTERNATIONAL STUDENTS ONLY**

Dear Parent/Guardian,

Manitoba Health is required to keep a list of all school children's immunization status to ensure that they are up-to-date with their vaccinations. This becomes especially important to those living in residence situations as communal living increases the spread of communicable diseases.

In order to ensure your child's optimal health protection we require the following information:

Name: \_\_\_\_\_ Date of Birth: \_\_\_\_\_

Health Registration # or Private Insurance: \_\_\_\_\_

Parents/Guardian Name: \_\_\_\_\_

Phone # -Home: \_\_\_\_\_ Work: \_\_\_\_\_

Mailing Address: \_\_\_\_\_

**Please provide us with a copy of the student's immunization records.**

If you do not have a copy this information can be obtained from your Health Care provider (Public Health Nurse, M.D., Pediatrician).

If you are able to get the last tetanus/diphtheria booster before school entry your child's record will be complete. If not, the Public Health Nurse offers this service in school with your written consent (consent form will be sent to you later).

Please return this completed form and immunization records by fax to (204)324-2369 or mail to Altona Public Health, Box 670, Altona, MB, R0G 0B0.

Thank-you,

Bev Hildebrand  
Public Health Nurse

Phone: (204)324-2351
