### Tournament Rules

1. Have FUN
2. All round robin matches consist of 2 games until 25 points, **no** 2 point advantage is needed for a win.
3. Teams will be allowed a full 10 minute warm-up before their first match but after that only 3 minute warm-ups will be allowed.
4. The top 3 teams on each side will make the play-offs .
5. Ties will be broken by how the teams did against each other. If they split then ties will be broken by points for and against between the teams involved in the tie. If still tied then the overall points for and against will break the tie. If still tied then a coin flip will break the tie unless it is to determine a play-off position in which case one game to 15 points will break the tie.
6. In the play-offs all matches will be best of 3 to 25 points with a 2 point advantage being required for the win. The third game will be to 15 points.
7. We are planning to have a canteen available in the cafeteria served by our culinary arts program.
